

This training provides an overview of People Portal and its functionalities for mobile users. The Oracle HCM Cloud Mobile App uses an embedded web browser, this means that the app supports the same Oracle HCM Cloud web pages as a mobile browser app. **On the Phone**, the app supports only the mobile responsive enabled features in HCM.

**On the Tablet**, the app supports both mobile enabled responsive pages and classic pages.

ACCESSING PEOPLE PORTAL THROUGH YOUR MOBILE DEVICE

How do I access People Portal

# What is People Portal Mobile Access

## **Mobile Access**

You can access People Portal on your preferred mobile device, either by the Oracle HCM Cloud Mobile App or via your device's browser.

On the phone, the app supports only the mobile responsive enabled features in HCM. On the tablet, the app supports both mobile enabled responsive pages and classic pages.

You will have the same exact experience when you open your HCM Cloud application using the browser on your mobile device as when you do use the mobile app.
