You're In!

You are eligible for WSI benefits if you're a regular full-time associate scheduled for or normally working 30 or more hours per week.

Who You Can Cover

If you enroll for benefits, you can also cover:

- Your spouse, same-gender domestic partner or common-law spouse (as defined by state law); in California only, your opposite-sex domestic partner is also eligible.
- Your dependent children up to age 26, including natural children, step-children, your domestic partner's children, legally adopted children and children for whom you or your spouse are the legal guardian.
- Disabled children of any age who are unable to take care of themselves. Proof of disability is required.

Dependent Verification

You will be required to provide dependent verification documents when you add your spouse, domestic partner and/or child(ren). Open Enrollment is a good time to review your personal data each year and make sure your dependent information is complete and up to date.

Do I Need To Enroll?

ANNUAL ENROLLMENT

Once a year in the spring, we offer a one-time opportunity for you to enroll, waive or make changes to your coverage, which includes adding or removing dependents.

- If you don't take action and actively enroll, most of your benefits will carry over for the next plan year.
- You will not be able to make any changes during the plan year unless you experience a qualifying life event, such as having a baby or getting married.
- If you want to contribute to a Health Care, Limited Purpose or Dependent Care Flexible Spending Account (FSA) or the Health Savings Account (HSA), you will need to elect your pre-tax contribution for the upcoming plan year – it does not carry over. You can change your HSA contribution any time during the plan year.

NEW HIRES

As an active, full-time, benefits-eligible associate, you have 31 days from your full-time date of hire to enroll in benefits. Your benefits will be effective the first day of the month following your date of hire or change to active full-time status. Short-term disability coverage is effective 90 days after your date of hire or change to active full-time status, if you do not waive this coverage.

After your 31st day, you won't be able to enroll in or make changes to your benefits until the next Open Enrollment, unless you experience a qualifying life event, like getting married or having a baby.

When Benefits End

Your benefits will terminate at the end of the month you no longer remain in a benefits-eligible status, e.g., termination of employment or status change.

Medical — Cigna

You have choices when it comes to medical coverage:

HIGH DEDUCTIBLE HSA • STANDARD CARE • PREMIUM CARE

How are the Cigna plans alike?

The High Deductible HSA, Standard Care and Premium Care plans all:

- Are administered by Cigna
- Cover the same services, such as doctor visits, hospital stays and lab work
- Pay 100% of the costs for eligible in-network preventive care, such as flu shots, routine physicals, blood pressure and cholesterol tests, and cancer screenings
- Allow you to use any doctor, but offer savings when you use in-network providers

How are the Cigna plans different?

HIGH DEDUCTIBLE HSA

- Pay lower premiums and have higher deductibles and out-of-pocket maximums than the Standard Care and Premium Care plans
- WSI contributes to your Health Savings Account (HSA) to help you pay for care
- No copays – you pay 100% of the cost until you met your deductible (except for certain in-network preventive care); after that, you and the plan share costs (coinsurance)

STANDARD CARE AND PREMIUM CARE

- Pay higher premiums in exchange for a lower deductible and out-of-pocket maximum than the High Deductible HSA
- No Health Savings Account (HSA) is available with these plans
- Copays for some services and cost sharing (coinsurance) for other services

Starting a Family?

The Cigna and Kaiser Permanente HMO plans offer infertility benefits. For more details, refer to the Summary Plan Descriptions (SPDs) on [MyWSIBenefits.com](https://www.mywsibenefits.com).

Find a Provider

Visit [Cigna.com](https://www.cigna.com) or call 855.273.3551.

Which network is right for me?

In certain ZIP code areas, your Cigna plan options may include both the Open Access Plus Network plan and a Local Plus Network plan option.

A Local Plus Network plan covers the same services and has the same deductibles, coinsurance and out-of-pocket maximums as the Open Access Plus Network plan option. So what's different?

- The Local Plus Network has a limited list of participating providers chosen for having met certain criteria, like lower hospital admission rates, fewer complications and treatments proven to show positive results.
- Premiums will be less than the Open Access Plus Network plan.

HOW TO CHOOSE YOUR NETWORK

The **Open Access Plus Network** plan may be a better fit if:

- Your current providers are not in the Local Plus Network and you prefer not to change providers.
- You have dependents who live elsewhere (like at college).
- You travel frequently.

A **Local Plus Network plan** may be a good choice if:

- You want to make the most of your health care dollars.
- Your current providers are in the network, or you're fine with changing providers.

Check Out This Help-Full Tool

The Plan Comparison Tool helps you compare your medical plan options and choose the plan that works best for you and your family.

To use the tool, visit [MyWSIBenefits.com](https://www.mywsibenefits.com) and log in to the Benefits Portal.

How the Cigna Plans Work

HIGH DEDUCTIBLE HSA

FIRST, SET UP YOUR HSA.

WSI contributes to your account: **\$500 for individual coverage** or **\$1,000 for family coverage**. You can contribute pre-tax money of your own, too. Please see pages 20 and 21 for more details about HSA contributions.

THEN, PAY TOWARD YOUR DEDUCTIBLE.

You pay 100% of the cost for medical care and prescription drugs (except for certain in-network preventive care) until you meet your deductible. If you elect family coverage, there's no individual deductible – you must meet the family deductible.

You can use your HSA to help pay for qualified expenses before you dip into your own pocket.

NEXT, SHARE COSTS WITH THE PLAN.

Once you meet your deductible, you'll share costs with the plan until you meet the out-of-pocket maximum. You can continue using money from your HSA for your portion.

FINALLY, THE PLAN PAYS THE REST.

If you reach your out-of-pocket maximum, the plan will pay 100% of your eligible expenses for the rest of the plan year. Each family member has an individual out-of-pocket maximum (the family out-of-pocket maximum is met by two or more individuals).

STANDARD CARE AND PREMIUM CARE

These plans don't have an HSA associated with them, so you don't receive any extra money from WSI.

FIRST, YOU PAY FOR CARE.

You pay copays (set amounts) for some services such as doctor's office visits. You don't have to meet the deductible for these services.

THEN, SHARE COSTS WITH THE PLAN.

For other services such as hospitalization, you must meet your deductible before the plan shares costs. Each family member has an individual deductible (the family deductible is met by two or more individuals).

FINALLY, THE PLAN PAYS THE REST.

If you reach your out-of-pocket maximum, the plan will pay 100% of your eligible expenses for the rest of the plan year. Each family member has an individual out-of-pocket maximum (the family out-of-pocket maximum is met by two or more individuals).

Take Full Advantage of 100%-Paid Preventive Care

Preventive care can help spot health problems before they become big issues. Our WSI medical plans cover in-network preventive care at 100%! Covered services include flu shots, routine physicals, well-woman exams, well-baby exams, blood pressure checks, cholesterol tests and cancer screenings.

Cigna Medical Plans at a Glance

Here's a look at what you'll pay when you need care.

You will begin to contribute toward the plan deductibles and out-of-pocket limits on **July 1, 2024**, and will continue through **June 30, 2025**. There are separate in-network and out-of-network deductibles and out-of-pocket maximums, and they do not cross apply.

¹ The High Deductible HSA includes a list of medications considered to be preventive by Cigna in accordance with the guidelines set by the IRS. This might include medication used to treat conditions such as high blood pressure, cholesterol and diabetes. For these preventive medications, you pay 15%, subject to the applicable minimum and maximum amounts. These medications do not accumulate toward the deductible, but do accumulate toward the out-of-pocket maximum. For more information, contact Cigna.

Get the GoodRx® Savings

If you're enrolled in a WSI medical plan through Cigna, you'll automatically get GoodRx savings. GoodRx pricing is available for many commonly used non-specialty generic medications (filled for a 30-day or 90-day supply) at any in-network retail pharmacy that accepts GoodRx discount cards. When you fill a prescription, the system compares the price available through your pharmacy benefit to the GoodRx price. You're charged whichever price is lower.

Help-Full Terms

The Cigna plans and Kaiser Permanente HMOs cover drugs according to their category. Here's what the categories mean.

- **Generic** – Generic drugs have the same active ingredients as brand-name drugs and must meet FDA standards for quality and purity. You usually save the most with generics.
- **Brand** – Certain brand-name drugs are listed on the plan's formulary (list of preferred prescription drugs). They have been chosen based on safety, quality and cost-effectiveness.
- **Non-preferred brand** – These drugs are not included on the plan's formulary. You will pay more for non-preferred drugs than for generic and brand drugs.

To see the formulary lists for the Cigna plans, visit myCigna.com. For the Kaiser Permanente HMOs, visit kp.org.

How the Kaiser Permanente HMOs Work

- No deductible to meet
- You pay set copays for prescriptions
- If you reach your in-network medical out-of-pocket maximum, the plan will pay 100% of your eligible medical and prescription drug expenses for the rest of the plan year

Health Savings Account (HSA)

An HSA is a tax-advantaged account available to you if you enroll in the High Deductible HSA.* (This account is not available if you enroll in the Standard Care, Premium Care or Kaiser Permanente HMO plan.) Your HSA is managed by HealthEquity.

How the HSA Works

1

REGISTER YOUR ACCOUNT

Enrolling in the High Deductible HSA for the first time? Once HealthEquity receives your enrollment, they will send you a welcome kit. In order to receive all your WSI contributions, you must log in to my.healthequity.com and ensure any required documents are submitted in a timely manner as required by the US Patriot Act – Customer Identification Program (CIP). If you need help to complete the CIP process, contact HealthEquity at 866.346.5800. If you fail the CIP process, you will not be eligible to receive retroactive WSI contributions. If you currently have a BenefitWallet HSA, your account will transition to HealthEquity. You will still need to set up your username and password.

Name a Beneficiary!

Make sure you designate a beneficiary for your HSA.

2

START WITH MONEY FROM WSI

WSI will add money to your account: **\$500** for individual coverage or **\$1,000** for family coverage. You'll receive half of WSI's contribution during the first available pay cycle after the start of the plan year (July 1, 2024) or after your election is processed. You'll receive the remaining WSI contributions on a per-paycheck basis throughout the year. If you enroll in the High Deductible HSA after July 1, 2024, your remaining HSA deposits will be prorated based on the number of pay periods left in the plan year.

3

ADD MONEY OF YOUR OWN

You decide how much (if any) you want to contribute to your HSA. The annual HSA contribution limit is \$4,150 for individual coverage and \$8,300 for any level of family coverage. WSI's HSA contributions count towards this annual maximum. For example, if you elect individual coverage, you can contribute \$3,650 to your HSA (\$4,150 annual limit - \$500 WSI contribution = \$3,650 is your maximum contribution). If you'll be age 55 by December 31, 2024, you can contribute an additional \$1,000 in HSA catch-up contributions. Please review your payroll elections carefully.

Your contributions are taken out of your paycheck before taxes. HSA payroll deductions will start with your first available pay cycle after July 1, 2024. Because your benefits coverage spans two calendar years, the amount you elect to contribute to your HSA this year will also carry over into the next calendar year.

Keep in mind you can change your contributions at any time during the year.

4

PAY FOR HEALTH CARE

HSA dollars can be used anytime – now or down the road. When you have an eligible expense, you can pay for it from your HSA with no taxes taken out. Or, you can pay out of pocket and leave your untaxed HSA dollars invested.

5

INVEST FOR THE FUTURE

Think of your HSA as a savings plan for health care. Once your HSA reaches a balance of \$1,000, you can invest your funds in a wide variety of options, including mutual funds, stocks and bonds. There is no tax on HSA interest or investment growth. There are fees for investments or trades.

* You must meet all eligibility requirements for the HSA. No one can claim you as a dependent on their taxes, you can't be enrolled in Medicare or Tricare and you can't be enrolled in or covered by another person's general purpose Health Care Flexible Spending Account (FSA) or health coverage.

HSA Fast Facts

TAX ADVANTAGES X 3

1. Pre-tax savings
2. Tax-free earnings
3. Tax-free withdrawals for eligible expenses

PICK HOW TO PAY

- Use the debit card that you'll receive in the mail.
- Pay with the HealthEquity mobile app (available in the App Store or Google Play).
- Pay out of pocket and fill out a form to be reimbursed.

KNOW WHO'S COVERED

You can use your HSA to pay for eligible expenses for you, your spouse and your tax dependents (including your children up to age 19, or age 24 if a full-time student), even if they're not covered under your WSI medical plan. (While the WSI medical plans cover eligible children up to age 26, the IRS has different rules for HSAs.)

WHAT'S AN ELIGIBLE EXPENSE?

Eligible expenses include:

- Medical and dental deductibles and expenses
- Vision expenses, such as eye exams, glasses and contacts
- Prescription drug expenses
- Over-the-counter medications and medical supplies (like bandages, diabetic supplies and contact lens solution)

For a complete list of covered expenses, visit [irs.gov/publications/p502](https://www.irs.gov/publications/p502).

Any money you spend on ineligible expenses is taxable, and you may pay a 20% tax penalty.

IT'S ALWAYS YOURS!

Any money left in your HSA rolls over from year to year – there's no "use it or lose it" rule. Plus, you can take it with you if you leave WSI.

USE THE TOOLS

At the HealthEquity Member Portal (my.healthequity.com), you'll find resources to help you understand and manage your HSA, including calculators, videos and articles.

CHECK YOUR BALANCE

You must have the funds available in your HSA before you can use them. If you pay out of pocket now, you can reimburse yourself from your HSA later, when the funds are available.

Flexible Spending Accounts (FSAs)

WSI offers FSAs, administered by HealthEquity, to help you save on taxes for health care and dependent care.

HEALTH CARE FSA OR LIMITED PURPOSE FSA • DEPENDENT CARE FSA

Note: If you're enrolled in an HSA, you can't participate in the Health Care FSA. You can contribute to the Limited Purpose FSA to be reimbursed for dental and vision expenses.

How These Accounts Work

1

DECIDE HOW MUCH TO CONTRIBUTE

Your contributions come out of your paycheck before taxes.

- **Health Care FSA or Limited Purpose FSA:** Up to \$3,200 a year
- **Dependent Care FSA:** Up to \$5,000 a year (\$2,500 if you are married but file separate tax returns)*

2

PAY FOR ELIGIBLE EXPENSES

For the Health Care FSA or Limited Purpose FSA: Use your debit card, and the amount is automatically withdrawn from your account. You'll receive a card by mail. You have access to the full amount you contribute for the year up front.

For the Dependent Care FSA: Pay the expense up front and then file a claim for reimbursement. You must have the money in your account before you can receive reimbursement.

Make sure you keep your receipts in case you need to verify your purchase.

3

PLAN CAREFULLY!

If you don't use all of your **Health Care FSA or Limited Purpose FSA funds** by the end of the plan year, you'll be able to carry over \$610 to the next plan year. Any remaining amount over \$610 will be forfeited. There's no carryover with the **Dependent Care FSA**.

4

PAY ATTENTION TO DEADLINES

The deadline to use your FSA dollars is **June 30, 2025**. You have until **September 30, 2025**, to request reimbursement and file claims. Any remaining amount will be forfeited. (Remember, you can carry over \$610 with the Health Care FSA and Limited Purpose FSA only.)

Know the Rules

- The accounts are separate. You can't transfer money between the accounts, or use the Dependent Care FSA to pay for health care expenses or vice versa.
- The money in your FSA does not earn interest.
- You can't take your FSA with you if you leave WSI.

* If you are a highly compensated employee (HCE), your Dependent Care FSA contribution may be limited to a lower maximum contribution amount.

FSAs

HSA + Limited Purpose FSA

Already have an HSA and wondering if you should consider the Limited Purpose FSA? This type of FSA might be right for you if:

- You're already contributing up to the IRS limit in the HSA and want additional tax savings.
- You anticipate a large dental or vision expense during the plan year, such as orthodontia or LASIK.

401(k) Plan

Your retirement goals matter to us, and WSI is committed to providing you with the tools and resources to help you achieve them.

How the Plan Works

Here's how the 401(k) plan works.

- **Decide how much to contribute.** The money is taken out of your account each paycheck and deposited into your Charles Schwab 401(k) account.
- **Get paid to save.** To encourage you to save, WSI matches your contributions. See "Company Contributions" for more details.
- **Choose your investments.** You can choose from a wide variety of investments that work best for your age, risk tolerance and how long you have until you retire. You can choose your own investment mix or have your account managed for you.
- **Make changes when you need to.** You can change your contribution rate or investments anytime during the year.
- **Let your money grow.** The earlier you start saving, the more time your money has to grow. When that interest starts earning interest (called compounding), your savings will get a big boost.
- **Name a beneficiary.** Your beneficiary is the person(s) who receives your retirement account balance in the event of your death. Not having a beneficiary on file can cause confusion and make things harder for your loved ones.

When You're Eligible

If you're 21 or older, you're eligible to participate in the 401(k) Plan any time after your hire date. There is no special enrollment window.

Full-y Automate Your Savings

With Annual Savings Adjustments, you can schedule slow and steady increases to your contribution rate. You decide when you want the increases to happen. For example, you might decide to save an additional 1% every January 1 until you're saving 15% of your pay.

Saving Basics

Your Contributions

You can save 1% to 75% of your eligible earnings up to IRS limits. You can make different types of contributions.

- **Pre-tax contributions** are deducted from your paycheck before income taxes are withheld. You pay taxes on these contributions and earnings when you withdraw the money from the plan.
- **Roth after-tax contributions** are deducted from your paycheck after income taxes are withheld. You will not pay taxes again on these contributions or on the earnings if you receive the money as a qualified distribution.*
- **Catch-up contributions** are for savers who will be age 50 or older in 2024. These contributions help you save more than the annual IRS limits as you near retirement.
- **Rollover contributions** that you move from a retirement plan account with a prior employer or a rollover IRA to the WSI Plan allow you to keep all of your retirement savings in one place and avoid paying tax penalties.

* A qualified distribution means you have your Roth account open for at least 5 years and you take your distribution after age 59½ or due to death or disability.

Company Contributions

WSI matches your contributions \$.50 for every dollar you contribute up to 6%, for a total matching contribution of 3%. Save at least 6% to get the full 3% matching contribution.

The company matches both pre-tax and Roth after-tax contributions, and the match is paid on a pre-tax basis.

Investing

Through your Plan, you have access to a managed account service that, for a fee, includes ongoing account monitoring and automatic adjustments to your investments. Advice is provided by Morningstar Investment Management LLC, an independent registered investment adviser.

Prefer to manage your retirement plan account yourself? You can still get a personalized recommendation at no additional cost, without signing up for the managed account service.

Match Details

For full-time associates, you're eligible for the match after one year of service. For all other associates (part-time associates, casual, seasonal and temporary), you're eligible for the match after one year of service and after you have worked 1,000 hours during your first year of service or during any calendar year thereafter.

- 401(k) contributions will be matched starting on the first day of each calendar quarter (January 1, April 1, July 1 and October 1) after you complete one year of service.
- The company match is deposited twice per year. The first matching contribution is deposited in August for associate contributions made from January 1–June 30. The second matching contribution is deposited in February of the following year for associate contributions made from July 1–December 31. You must be employed on the last day of each matching period to receive the company match.
- You become 100% vested in (you own) company matching contributions after one year of service.

How Much Can You Save?

For 2024, you can save up to the IRS limit of \$23,000 (combined pre-tax and Roth after-tax limit). If you're eligible to make catch-up contributions, you can save an additional \$7,500 for a total contribution of \$30,500.

- Secondary caregivers are eligible for up to 4 weeks of pay within the first 4 months immediately following the birth or adoption of a child.

Disability

If you are unable to work because of a non-work-related illness or injury, WSI's disability benefits replace part of your income. You have two types of disability coverage:

SHORT-TERM DISABILITY (STD) OR STATE DISABILITY INSURANCE (SDI) • LONG-TERM DISABILITY

Short-Term Disability (STD) or State Disability Insurance (SDI)

STD replaces part of your pay if a non-work-related illness or injury prevents you from working for a short period of time. You are automatically enrolled in this benefit. If you are a non-exempt associate who lives in California, you will be enrolled in SDI instead.

Long-Term Disability (LTD)

LTD replaces a portion of your pay if a non-work-related illness or injury prevents you from working for a long period of time.
